In order to prevent any confusion between Copan’s (Copan Italia S.p.A.) registered trademarks (Universal Transport Medium®, UTM® and UTM-RT®) and Puritan® (Puritan Medical Products Company) transport medium used in this study, the Puritan transport medium name is now changed to its current name of UniTranz-RT™. At the time of the study reported here the Puritan transport medium used was called ‘Universal Transport Medium (UTM-RT)’. However, since October 2013 the product has been rebranded as UniTranz-RT™.
