IMMUNOLOGY
An Official Journal of the
BRITISH SOCIETY FOR IMMUNOLOGY
EDITOR: L. E. GLYNN
VOL. 38, NO. 2
OCTOBER 1979
CONTENTS

G. F. MITCHELL: Effector cells, molecules and mechanisms in host-protective immunity to parasites

INGRID M. OUTSCHOORN: Idiotype specificities and cross-reactivities of rabbit antibodies to human antidextran

O. MARKER & GRETIE T. ANDERSEN: A comparison between ICM virus-specific secondary cytotoxic T lymphocytes generated by Con A and by the homologous antigen

C. CHATRAND, S. O'REGAN, P. TORTAIGUE & M. PONTE-BLONDE: Delayed rejection of cardiac xenografts in C6-deficient rabbits

T. MCGUIRE, A. J. MUSOKE & T. KURTTI: Functional properties of bovine IgGl and IgG2: interaction with complement, macrophages, neutrophils and skin

L. S. ENGLISH: The responsiveness of efferent lymph cells to phytohaemagglutinin during the response of the popliteal node to dinitrophenylated bovine serum albumin

D. W. DRESSER & A. M. POPHAM: The influence of T cells on the initiation and expression of immunological memory

PATRICIA JENTZ, C. T. CHOU, IZABELLA SZYMSZE, R. RIVAS ALCALA, S. Dualski & B. CINADER: Immunoglobulin synthesis by thymus B cells

T. HOSOKAWA, T. AMAGAI & S. MURAMATU: Studies on B-cell memory. I. Generation and exhaustion of B-cell memory by thymus-dependent antigen in T-cell depleted mice

T. HOSOKAWA: Studies on B-cell memory. II. T-cell independent antigen can induce B-cell memory

E. BURRUM, NINA BHARDWAJ & H. SHERWOOD LAWRENCE: Interaction of subpopulations of murine lymph node lymphocytes in antigen-induced [3H]-thymidine incorporation: T and B cell synergy in the response to antigen

L. FANOBOGN, M. B. ZETE, S. SERRATI & L. SATZ: In vitro transfer of cellular immunity in the experimental allergic orchitis by means of immune RNA

I. G. MORRIS: The effect of anti-microvillus membrane antibodies on the transport of IgG across the suckling rat intestine

J. P. TITE & R. B. TAYLOR: Immunoregulation by covalent antigen-antibody complexes. II. Suppression of a T-cell independent anti-hapten response

K. KOYAMA, T. FUKUNISHI, M. BARCOS, N. TANIGAKI & D. PRESSMAN: Human Ia-like antigens in non-lymphoid organs

G. J. GLEICH, GAI, M. OLSON & D. A. LOEBLING: The effect of ablation of eosinophils on immediate-type hypersensitivity reactions

R. R. SAMSON, C. MIRTEL & D. B. L. MCCLELLAND: Secretory IgA does not enhance the bacteriostatic effects of iron-binding o-vitamin B12-binding proteins in human colostrum

LAMIA AL-SAKKAF, ANNE COOKE, P. HUTCHINGS & B. JONES: Rabbit anti-EL4 serum. A reagent with specificity for a population of murine suppressor cells

HANNA PICHUTA, M. E. SMITH, N. N. SHARE & G. HOLME: The respiratory response of sensitized rats to challenge with aerosolized antigen

A. J. ULMER & H.-D. FLAD: One-stage stimulation of human T-lymphocyte colony-forming units (TL-CFU) in a microagar culture in glass capillaries

S. H. ZUCKERMAN, S. K. ACKERMAN & S. D. DOUGLAS: Long-term human peripheral blood monocyte cultures: establishment, metabolism and morphology of primary monocyte-macrophage cell cultures

MOTOKO SAKAMOTO, K. NISHIOKA & K. SHIMADA: Effect of malnutritional rehabilitation on tuberculin reactivity and complement level in rats

MOTOKO SAKAMOTO, K. NISHIOKA & K. SHIMADA: Complement response after experimental bacterial infection in various nutritional states

B. N. DRACOTT & C. E. T. SMITH: Hydrocortisone and the antibody response in mice. I. Correlations between serum cortisol levels and cell numbers in thymus, spleen, marrow and lymph nodes

B. N. DRACOTT & C. E. T. SMITH: Hydrocortisone and the antibody response in mice. II. Correlations between serum antibody and PFC in thymus, spleen, marrow and lymph nodes

Book reviews

The subscription price is £60 (US$145.00) post free, per three annual volumes of four parts.
