Corrigenda to the Approved Lists of Bacterial Names and to
the Amended Edition of the Approved Lists of Bacterial Names

This paper contains corrections to the Approved Lists of Bacterial Names and to the amended edition of the Approved Lists of Bacterial Names.

The new start in bacterial nomenclature is 1 January 1980, when the Approved Lists of Bacterial Names were published in the International Journal of Systematic Bacteriology (4). In a work as complex as the Approved Lists, errors were unavoidable. Corrections to the Approved Lists have been published by Hill et al. (2) and have been inserted into the amended edition of the Approved Lists (5).

However, some errors remained undetected, and some corrections made by Hill et al. were omitted from the amended edition. Moreover, typographic errors were inadvertently inserted into the amended edition.

As the Approved Lists and the amended edition of the Approved Lists are reference documents for bacteriologists, these errors and omissions should be corrected.

Corrigenda to the Approved Lists of Bacterial Names

Article Rhodospirillales (page 232, column 2)
Lines 4-5: “Type genus: Rhodospirillum Molisch 1904” should be changed to “Type genus: Rhodospirillum Molisch 1907”.

Article Leucothrixaceae (page 236, column 2)
Lines 6-7: “Type genus: Leucothrix Oersted 1884” should be changed to “Type genus: Leucothrix Oersted 1844”.

Article Enterobacter cloacae (page 293, column 1)
Lines 1-2: “E. cloacae (Jordan 1890) Hornæche and Edwards 1960” should be changed to “E. cloacae (Jordan 1890) Hornæche and Edwards 1960”.

Article Flectobacillus (page 300, column 2, and page 301, column 1)
Lines 4-6: “Type species: F. major Larkin, Williams and Taylor 1977” should be changed to “Type species: F. major (Gromov 1963) Larkin, Williams and Taylor 1977”.

Article Leuconostoc cremoris (page 315, columns 1 and 2)
Lines 1-2: “L. cremoris (Kundsen and Sorensen 1929) Garvie 1960” should be changed to “L. cremoris (Kundsen and Sorensen 1929) Garvie 1960”.

Corrigenda to the amended edition of the Approved Lists of Bacterial Names (corrections previously made by Hill et al. but omitted in the amended edition)

Article Leptospiraceae (page 6, column 1)

Article Bifidobacterium thermophilum (page 35, column 2)

Article Flavobacterium halophilum (page 69, column 2)
Line 1: “F. halophilum Elazari-Volcani 1940” should read “F. halophilum Elazari-Volcani 1940”.
This spelling was corrected to Flavobacterium halophilum by Holmes et al. (3).

Article Haemophilus piscium (page 75, column 2)

Article Haemophilus pleuropneumoniae (page 75, column 2)

Article Morganella morganii (page 93, column 2)

Article Propionibacterium acidipropionici (page 115, column 1)
Line 1: “P. acidipropionici Orla-Jensen 1909” should read “P. acidipropionici Orla-Jensen 1909”.
This spelling has also been corrected by Farmer (1).

Article Rhodococcus equi (page 125, column 1)

**Typographic errors inadvertently inserted in the amended edition of the Approved Lists of Bacterial Names**

Page 61, column 2, and page 62, column 1
The name *E. corrodens* (Eiken 1958) Jackson and Goodman 1972 appears twice. In the first appearance, typographic errors have been made, so the first appearance of *E. corrodens* (Eiken 1958) Jackson and Goodman 1972 (page 61, column 2, paragraph 6, lines 1–12, and page 62, column 1, paragraph 1, lines 1–4) should be deleted.
