Errata

Taxonomic characterization of nine strains isolated from clinical and environmental specimens, and proposal of Corynebacterium tuberculostearicum sp. nov.

C. Feurer, D. Clermont, F. Bimet, A. Candréa, M. Jackson, P. Glaser, C. Bizet and C. Dauga

International Journal of Systematic and Evolutionary Microbiology (2004), 54, part 4, 1055–1061

Strain ATCC 35529, listed as the type strain of Corynebacterium tuberculostearicum sp. nov., is no longer available from the ATCC (Jane Tang, personal communication). This strain has been replaced by strain ATCC 35692.

Campylobacter insulaenigrae sp. nov., isolated from marine mammals

International Journal of Systematic and Evolutionary Microbiology (2004), 54, part 6, 2369–2373

On p. 2370 (right column, second paragraph, penultimate sentence) and also in the species description (p. 2372, left column, first paragraph, penultimate sentence), the text should read ‘H₂S is not produced in TSI agar’, in agreement with the entry in Table 2 (p. 2372).
