Erratum

Morphology and 18S rDNA phylogeny of *Hemicycliostyla sphagni* (Ciliophora, Hypotricha) from Brazil with redefinition of the genus *Hemicycliostyla*

Thiago da Silva Paiva, Bárbara do Nascimento Borges, Inácio Domingos da Silva-Neto and Maria Lúcia Harada

The authors would like to make a correction to this article. In the section on the phylogeny of *Hemicycliostyla sphagni* on page 239, second paragraph, lines 13–15, the text that states ‘The 18S rDNA sequences of *H. sphagni* and *H. franzi* were 98% similar and differed from that of *P. cristata* by 8.1 and 6.5 %, respectively’ should read ‘The 18S rDNA sequences of *H. sphagni* and *H. franzi* were 99.8% similar and differed from that of *P. cristata* by 4.5 %’.
